8TH WORLD LEGAL TECH & AI SUMMIT

HOTEL EUROSTARS | BERLIN, GERMANY

18-19 SEPTEMBER 2025

We are excited to announce the launch of the **8th World Legal Tech and AI Summit**, which will take place on **September 18-19, 2025, in Berlin, Germany**. Building on the success of the first seven editions, this year's summit will delve into the latest innovations in legal technology and AI, the future of regulatory frameworks, advancements in document automation, GenAI applications, the role of AI in ethical decision-making, cutting-edge tools for streamlining legal workflows, and more. Leading experts from global brands will examine the incorporation of AI into the LegalTech ecosystem to guarantee responsible and effective use within the field. Join your peers to explore AI's impact on legal services, future trends, and customized solutions to enhance efficiency and accountability in the rapidly evolving LegalTech landscape.

Key Practical Learning Points

- Exploring Emerging Technologies Transforming Legal Management Practices
- Integrating Generative AI into Legal Research for Faster, More Accurate Results
- Maximizing Impact with LLMs and SLMs Through Strategic Analysis
- Streamlining Legal Operations with Predictive Insights and Intelligence
- Improving Case Management and Enhancing Compliance Monitoring with Advanced Tools
- Leveraging AI to Bridge Gaps in Legal Service Accessibility
- Entering the New Era of Efficiency by Integrating AI Assistants Into Legal Business Processes
- Harnessing Responsible AI for Better Regulatory Compliance and Monitoring
- Optimizing ESG Compliance and Upgrading Reporting with the Modern Legal Tech Solutions

Take a Look at the Past Edition

Venue

Hotel Eurostars Berlin

Friedrichstraße 99, 10117 Berlin, Germany
+49 30 7017360 | info@eurostarsberlin.com

Who Should Attend

This summit will gather senior-level professionals with the following areas of expertise:

- Legal Tech / Legal AI
- Legal Operations
- Legal Process Automation
- Blockchain
- eDiscovery
- Legal Analytics / Research
- Predictive Analytics
- Virtual Legal Assistants
- Blockchain/Smart Contracts
- Legal Project Management
- Case Management
- Contract Management
- Regulatory Compliance
- & Others!

Legal Innovation Unleashed: Global Perspectives on Legal Tech and Tech-Enabled Compliance

New technologies are quickly changing the way lawyers work and how cases are managed. Apart from the vast opportunities, regulators are also making the use of legal technologies a requirement for companies around the globe. At the same time, legal teams are becoming more sophisticated and want to know:

- What works in the legal field and what does not - actual use cases form practice
- What are the best practices for leading in house attorneys worldwide?
- What are the expectations of regulators on legal tech and AI around the world?

Sebastian Lach
Partner

Hogan Lovells International

12:00 Case Study: 🔍

Supremacy of Privacy in AI Tools

As AI transforms industries, and consumer's rights awareness is growing, ensuring privacy in AI tools is more critical than ever. In this session, Dariusz will explore the evolving regulatory landscape, challenges, and best practices in the pursuit of privacy by design. With extensive experience in financial services and data protection, he will provide key insights into aligning AI innovation with strict privacy standards. Join this session to learn how prioritizing privacy not only ensures compliance but also builds consumer trust in the AI-driven future.

15:30 Afternoon Tea and Networking Break ☕

16:00 Case Study: 🔍

A Practical Guide to Document Automation

Automating the creation of contracts, forms, and reports is a game-changer for any legal department - conventional or AI-driven. It combines knowledge management, time savings, and self-service capabilities for the business as well as your lawyers. However, before you can reap these benefits, there are several technical and legal challenges to address. In my presentation, I'll share practical tips on how your organization can overcome these hurdles and start your journey to document automation

Dmitri Geidel
Legal Counsel Corporate
ENGIE Deutschland

16:30 PANEL DISCUSSION 🗣️

From Insights to Action: Highlights and Future Directions in LegalTech

Dive into the evolving landscape of LegalTech and discover the key insights driving innovation in the legal industry. This session will highlight recent advancements, successful implementations, and transformative trends in LegalTech. Participants will explore how these technologies are reshaping legal practice, from enhancing efficiency to improving client experiences. The session will also provide a forward-looking perspective on the future directions of LegalTech, offering actionable strategies for legal professionals to stay ahead in this rapidly changing environment.

17:00 Chair's Closing Remarks and End of Day 1

08:30 Check-In and Welcome Coffee 

09:00 Opening Address from the Event Chair

BUILDING NEXT-GEN LEGAL ECOSYSTEM

09:10 SPONSORSHIP SLOT

Maximizing ROI in Legal Tech: Metrics That Matter

Legal technology investments should not only streamline operations but also deliver tangible returns. This session will dive into how legal teams can accurately measure the impact of their technology adoption, focusing on key performance indicators such as efficiency gains, cost reductions, and risk mitigation. Attendees will gain insights into best practices for selecting and integrating legal tech solutions that align with business goals, ensuring measurable improvements in productivity and decision-making

09:50 Case Study: 

Strategies for AI Implementation in a Mature Cross-Border Legal Team in a Global Institution

How can AI transform an established legal team spread across borders? This session will share insights on risk assessment, creating effective usage guidelines, verifying protocols, and tailoring training programs. We'll also discuss modern practices for enhancing productivity, accuracy, and collaboration across diverse jurisdictions through AI implementation.

Sarah George Kotak
Director & Assistant General Counsel, Legal
Bank of America

10:30 Case Study: 

Navigating the Regulatory AI Landscape

Navigating the regulatory AI landscape requires a comprehensive understanding of the diverse and evolving regulations across different regions. The presentation will explore the global regulatory landscape, highlighting key principles and frameworks that guide AI governance. We will discuss effective compliance strategies to help organizations align with regulatory requirements.

Christoph Werkmeister
Partner and General Counsel
Freshfields Bruckhaus Deringer

11:00 Morning Coffee and Networking Break 

11:30 Case Study: 

AI Literacy: Building Expertise for the Digital Age

- What AI Literacy is and why it's important for businesses and society?
- The EU AI Act and the AI Literacy requirement under Article 4
- What to expect next? Best practices and potential implementation

Michela Ferrari
Senior Legal Counsel
- Privacy & Data Protection (Director)
Mastercard

12:00 Case Study: 

AI-Assisted Legal Decision Making: Balancing Automation and Human Insight

- Efficiency and Insights: AI enhances legal decision-making by automating routine tasks, analyzing vast datasets, and delivering actionable insights.
- Human Judgment: Critical legal decisions require ethical, contextual, and strategic considerations that only human expertise can provide.
- Integration Challenges: The balance between automation and human oversight ensures that AI supports rather than replaces nuanced legal work.
- Future Potential: Leveraging AI responsibly can streamline processes, maintain integrity, and adapt to the evolving demands of the legal profession.

Abdulhamit Cavdar
Head of International Legal
Trendyol Group

12:30 Case Study: 

Managing Data Privacy and Security in LegalTech Solutions

- What data privacy and security risks are to be considered when looking at LegalTech Solutions, also considering the increasing reliance on AI in technology?
- How to identify those risks effectively?
- What can be done to manage and mitigate the identified risks?

Wouter-Bas van der Vegt
Director Global Legal
Randstad

13:00 Business Lunch 

14:00 Case Study: 

What You Should Not Ask to Artificial Intelligence in Legal Profession

- When AI's knowledge isn't enough – How the tool's training data impacts reliability
- How data sensitivity changes the risks – understanding when AI use poses confidentiality issues.
- Why expertise still matters – The role of human judgment in assessing AI-generated legal output.
- How prompting affects results – The importance of clear, strategic input to get useful answers.
- The Italian perspective – Regulatory, ethical, and practical challenges in adopting AI in legal practice

Pierluigi Perri
Of Counsel

Alejandro Perez
Head of Knowledge Management
& Legal Tech
Chiomenti

14:30 Case Study: 

Enhancing Legal Knowledge Management Through Technology: Strategies for Building a Collaborative and Efficient Workforce

- Implementing advanced knowledge management systems to streamline workflows and improve access to legal information can significantly enhance a legal team's efficiency.
- Leveraging AI and machine learning tools can boost accuracy, speed, and decision-making processes.
- Promoting a culture of continuous learning and collaboration supports knowledge sharing and ongoing professional development.

Kathrin Zapasnik-Schneider
Director Legal Counsel EU Operations
Teva Pharmaceuticals

15:00 Case Study: 

AI-Powered Compliance: Driving Legal Innovation While Safeguarding Privacy

- **AI for GDPR Compliance** How AI tools are transforming the way global organizations ensure compliance with GDPR and local data protection laws in multiple jurisdictions.
- **AI-Driven Contract Automation** Leveraging AI to automate contract lifecycle management, reducing risk, enhancing efficiency, and ensuring compliance with regulatory frameworks.
- **Cross-Border Compliance Innovation** Navigating the challenges of cross-border legal operations using AI, focusing on managing privacy, compliance, and regulatory standards across diverse markets (EMEA, LATAM, CIS+, Asia).
- **Ethical AI Implementation in Legal Operations** - Addressing the responsible use of AI in legal functions, including ensuring privacy by design, managing ethical challenges, and aligning AI tools with evolving legal and regulatory standards.

SPOTLIGHT ON OUR SPEAKERS

8TH WORLD LEGAL TECH & AI SUMMIT | 18-19 SEPTEMBER 2025 | BERLIN, GERMANY

Stephen Allen
Chief Scout
Trampelpfad

A highly experienced operational and transformational business leader, operating at the C-suite level, Stephen has been at the vanguard of delivering legal market change, and is internationally recognised as a leading market expert and innovator. Stephen has worked in legal services for over 25 years including leadership roles at Elevate, Hogan Lovells, DLA Piper and BLP. Additionally, he spent four years at the helm of a France Télécom company. He is a Fellow of the College of Legal Practice Management and was the inaugural recipient of the Financial Times Innovative Lawyer Intrapreneur of the Year.

Abdulhamit Cavdar
Head of International Legal
Trendyol Group

Abdulhamit Cavdar, LL.M. is Head of International Legal at Trendyol Group. He is a dedicated and versatile Head of Legal with extensive experience spanning consulting and leadership roles in multinational organisations operating in dynamic and high-growth industries. He is recognized for his strategic approach to navigating complex regulatory landscapes and crafting actionable solutions that align legal compliance with broader business objectives. A proven leader, Abdul has successfully built and managed high-performing legal teams and led multinational projects involving a wide range of stakeholders. His work often addresses regulations in highly complex and evolving industries, leveraging an interdisciplinary perspective that goes beyond traditional legal frameworks. Over his career, he has partnered with prominent organizations, driving innovative legal strategies and supporting global operations across multiple jurisdictions.

Michela Ferrari
Senior Legal Counsel
- Privacy & Data Protection (Director)
Mastercard

Michela Ferrari is a Senior Counsel (Director) of Privacy and Data Protection at Mastercard, with global responsibility for privacy and data protection matters pertaining to Security Solutions. In particular, she is supporting Mastercard Account Identity Services and Identity Strategy and Development teams. Michela holds a Law degree from the University of Bologna, Italy, and an LL.M. from the College of Europe, Belgium. She is admitted to Bologna Bar Association, Italy.

Before joining Mastercard in 2022, Michela worked as Legal Counsel at Satispay Europe, Luxembourg, and as Lawyer Linguist at the Court of Justice of the European Union.

Pierluigi Perri
Of Counsel
Chiomenti

Lawyer (UniMoRe), Ph.D. (UniBo), LL.M. (UniSOB), is the Head of Data Protection & Privacy practice in Chiomenti. Pierluigi served as Project Officer for the Council of Europe, advising the countries interested in joining the Budapest Convention on Cybercrime. He was also National Expert and Rapporteur for the Recommendation of the Council of Ministers on "Human Rights Dimensions of automated data processing and different forms of artificial intelligence" of the Council of Europe. He is a lawyer admitted to the Italian Supreme Court and has experience as a data protection officer for big entities and as chair and member of supervisory bodies according to the Legislative Decree 231/01. Recently he also awarded the position of expert for the European Data Protection Board in the areas of "Technical expertise in new technologies and information security" and "Legal expertise in new technologies" and is member of the Committee for Italy government at the Internet Governance Forum of the United Nations.

Esther Dediashvili
Senior Solution Specialist - AI Global Black Belt, EMEA
Microsoft

Esther Dediashvili is a Senior Solution Specialist - AI Global Black Belt, EMEA at Microsoft. Esther is an experienced legal technology expert and corporate and securities attorney. Prior to Microsoft, Esther served as Director of Customer Solutions at a leading legaltech company and as Head of Innovation and Legal Technology Implementation at prominent law firms.

Alejandro Perez
Head of Knowledge Management & Legal Tech
Chiomenti

A legal technology advisor capable of combining a JD, an MBA, and 25 years of experience to effectively devise and deploy legal tech solutions, such as document automation, contract reviews, client portals, and deal management. Proven success in launching online research products in multiple markets while driving digital transformations of legal publishing companies (LexisNexis & Thomson Reuters). Experienced in working with multidisciplinary and multicultural teams and client-facing engagements.

Timm Neu
Head of International Software
Development Steering
Volkswagen Group

Dr. Timm Neu, LL.M. (Cornell) worked as a lawyer for SAP in India and until 2018 General Counsel of Cleverbridge AG, an international e-commerce medium-sized company. At Volkswagen, he initially provided legal advice on software development, then became head of the Berlin IT development site Volkswagen Digital:Lab and is currently responsible for management and collaboration in Volkswagen AG's international devops network as Head of International Software Development Steering. He is also the Product and Business Owner for the legal tech product Yo! in the field of consent.

Sebastian Lach
Partner
Hogan Lovells International

Sebastian Lach handles compliance as well as investigation issues. In the field of compliance and investigations, Sebastian has advised various clients on the creation of global compliance systems. He has successfully advised on criminal matters (e.g. bribery, fraud, embezzlement) and internal investigations relating to more than 50 countries worldwide, including FCPA, SEC/DOJ implications. Throughout his career, he has handled more than 20 multi-jurisdictional investigations, most of them for Fortune 500 and DAX 40 clients.

Lee Bacon
Partner
Clyde & Co

Lee is a London-based Partner of Clyde & Co and current member of the firm's global Management Board and Office of the General Counsel with particular responsibility for innovation and technology. With a background in disputes in the Energy and Natural Resources sectors Lee also with significant insurance and reinsurance experience.

Lee has been involved in considering the impact of smart contracts, blockchain and related technologies since 2015, and is now involved in the implementation of AI and other tools within Clyde & Co and the implementation of a Cyber and Digital Assets policy and business plan.

SPOTLIGHT ON OUR SPEAKERS

8TH WORLD LEGAL TECH & AI SUMMIT | 18-19 SEPTEMBER 2025 | BERLIN, GERMANY

Shairil Yahya
Legal Compliance Technology and Solution Director
Philips

Shairil is a chartered accountant by qualification and a forensic accountant by training. Since the early part of his career, Shairil has been fascinated by how technology can help improve the productivity and accuracy of a process. Due to this interest, Shairil has been involved in various IT/Technology development activities for compliance, starting as an ad-hoc project lead while performing his full-time compliance role, to the current full-time role of leading the technology and solution development initiatives for Philips Group Legal Compliance.

Dmitri Geidel
Legal Counsel Corporate
ENGIE Deutschland

Dmitri Geidel currently oversees the intricate facets of legal operations at ENGIE. Prior to assuming this inhouse role, he cultivated his expertise at Deloitte Legal, where he provided counsel to numerous legal departments on all aspects of legal technology. His purview extended from strategic planning to the implementation of sophisticated systems.

Kathrin Zapasnik-Schneider
Director Legal Counsel EU Operations
Teva Pharmaceuticals

Kathrin is a strategic and results-driven legal leader with over 12 years of experience in the global pharmaceutical industry. Recognized for her ability to execute strategic initiatives, drive process improvements, and implement best practices, she ensures that legal operations create tangible business value. With a strong focus on Commercial and Operations, Kathrin navigates complex regulatory landscapes, aligning legal strategy with business objectives to enhance efficiency and risk management. She has successfully led multinational, cross-functional projects, unified corporate contract frameworks, and developed scalable legal processes that enable seamless collaboration across jurisdictions.

A strong advocate for innovation, Kathrin champions the smart integration of Legal Tech and AI to enhance legal department performance. She believes in leveraging technology to streamline operations, empower legal teams, and ensure legal functions remain agile and future-ready. Committed to responsible and sustainable AI adoption, she ensures that legal innovation aligns with ethical and strategic business goals.

Christoph Werkmeister
Partner and General Counsel
Freshfields Bruckhaus Deringer

Christoph has helped design and implement numerous transformational technology projects, working across jurisdictions and at the intersection of our antitrust, transactions, regulatory and employment practices. He also has a longstanding track record in the telecoms sector, particularly regarding next-generation access and innovative business models.

Dariusz Sojka
Director & Counsel
American Express

Legal Manager, practicing pragmatic approach to the application of law for over 20 years.

Worked for law firms (Salans/Dentons), telecom (Tele-Danmark/TDC), TV broadcaster (News Corp) and American Express Group in CEE, Mexico and Italy.

Focuses on: data protection, payment services, digital services, AI, IT & security.

Sebastian Dürdoth
Senior Corporate Counsel
Microsoft

Sebastian Dürdoth has been an in-house lawyer at Microsoft in Munich since 2021. His focus is on cloud transactions and AI. After studying in the UK (Oxford, LSE) and Paris (Sciences Po), he was admitted as a solicitor (England & Wales) in 2010 and as a Rechtsanwalt in 2015. Prior to Microsoft, he worked as a lawyer at Linklaters and Olswang in London and Berlin, and as an in-house lawyer at airberlin and AWS.

Basak Cagci
Legal Counsel and Compliance Officer
Danone

I am Legal Counsel and Compliance Officer at Danone, with a focus on commercial law, data privacy, GDPR compliance, and intellectual property across EMEA, LATAM, CIS+, and Asia. With years of experience managing complex legal matters, I lead AI integration into legal workflows, enhancing efficiency while ensuring full regulatory compliance. My expertise lies in drafting high-value B2B and B2C contracts, guiding privacy practices, and navigating cross-border legal challenges. I am passionate about AI's potential in transforming legal functions. I leverage technology to streamline operations and safeguard corporate compliance.

Sarah George Kotak
Director & Assistant General Counsel, Legal
Bank of America

Sarah is a Director & Assistant General Counsel in the Derivatives Legal team at Bank of America (previously Bank of America Merrill Lynch). She is a trading desk advisor to the Futures & Options & Cleared OTC Derivatives business. Sarah advises on EU/UK financial services regulations impacting her business, including in the areas of Regulatory Capital and AI. She is a core member of BofA's Legal AI SteerCo focussing on thought leadership, education and implementation strategy. As an active member of financial markets industry bodies, she was Chairperson of the Futures Industry Association (FIA) Legal Working Group from 2019-2021. She is regular speaker and panelist at FIA and other industry conferences on her practice areas, including recently on AI uses in financial services.

A passionate advocate for D&I, Sarah is a long-standing member of BofA's LEAD for Women Committee and successfully advocated for the bank's market-leading fertility benefits. She also mentors law graduates for Aspiring Solicitors and was pro bono counsel to education charity, Pratham UK.

Sarah is a graduate of National Law School of India University (Bangalore) and was a UK FCO Chevening Scholar for postgraduate studies at the London School of Economics.

Wouter-Bas van der Vegt
Director Global Legal
Randstad

Wouter-Bas van der Vegt LL.M. RE EMMC CISSP CIPM CIPPE is a renowned data protection professional and AI & IT security risk management expert. As the Global Data Protection Officer at Randstad NV, he spearheads the company's approach to data privacy and compliance. Beyond his corporate role, he chairs the Data Protection Working Group for the World Employment Confederation, collaborating with industry peers and regulators to address complex data protection and AI challenges in the world of work. Driven by a belief in AI's transformative potential, Wouter-Bas advocates for responsible and ethical AI practices, aiming to harness its capabilities for solving issues. With his unwavering enthusiasm, Wouter-Bas contributes to shape the future of data protection and AI governance, ensuring technological advancements align with legal frameworks and respect individual rights.

TERMS & CONDITIONS

By sending this form, I confirm that I have read and accepted the terms and conditions detailed below.

Confirmation

We will confirm your participation after receiving signed registration form. All discounts can only be applied at the time of registration and discounts cannot be combined. Discounts for group registrations are only valid for the number of delegates specified on your booking form.

Prices for each event are correct at the time of publication. Luxatia International reserves the right to change the prices at any time but changes will not affect registrations which have already been confirmed by Luxatia International.

Cancellation policy

You may substitute delegates at any time by providing reasonable advance notice to Luxatia International.

All cancellations received 60 business days or more before the event is held, this cancellation is subject to a registration fee up to 50% the value of the ticket per delegate. In case of canceling the registration later than 60 business days before the event is held, the paid amount cannot be refunded and the amount remains payable in full. In the event that Luxatia International cancels or postpones an event for any reason whatsoever, including but not limited to any force majeure occurrence, you will receive a credit for 100% of the contract fee paid. No refunds, partial refunds or alternative offers will be made and all pending amounts remain payable in case such situation.

Luxatia International is not responsible for any loss or damage as a result of a substitution, alteration or cancellation/postponement of an event. Luxatia International shall assume no liability whatsoever in the event this conference is cancelled, rescheduled or postponed due to a fortuitous event, Act of God, unforeseen occurrence or any other event that renders performance of this conference impracticable, illegal or impossible. For purposes of this clause, a fortuitous event shall include, but not be limited to: war, fire, pandemics, labor strike, extreme weather or other emergency. Please note that while speakers and topics were confirmed at the time of publishing, circumstances beyond the control of the organizers may necessitate substitutions, alterations or cancellations of the speakers and/or topics.

Copyright

All Intellectual Property rights in all materials produced or distributed by Luxatia International in connection with this event are expressly reserved and any unauthorized duplication, publication or distribution is prohibited.
